## **CRITERION I – CURRICULAR ASPECTS**

#### 1.1 – Curriculum Planning and Implementation

1.1.1 – Institution has the mechanism for well planned curriculum delivery and documentation. Explain in 500 words

Curriculum is the base in education on which the teaching- learning process is planned and implemented. It includes various learning activities which help in the all- round development of students. So, that institution has been practicing an engaging curriculum with a broad scope of all- round upliftment of students which include curricular, co- curricular activities to meet the above mentioned educational goals. Various steps are followed by the

institution to ensure effective curriculum delivery through a well planned process as follows. The Annual Academic calendar is prepared. Conventional classroom teaching is blended with the use of ICT to make teaching- learning process more learner centric. All internal activities like inter- house competitions, skit competition, song competition (under the guidance of home ministry, govt. of India) take very much important parts for enhancement the teaching- learning activities. Annual sports day is regularly conducted to boost team- spirit, leadership quality, sportsmanship quality to students. Regular reinforcement is being provided to the students for continuous motivation. Psychology practical, Science practical, language lab programs are periodically conducted. Remedial classes and guidance- counseling are provided for students to their holistic development. Learning resources like library, laboratory (Science, Maths, Psychology, language etc.) are upgraded as per the needs of students. Co- curricular activities like community services, educational excursion are arranged to develop the fundamental/ crucial skills like social, communicational and problem- solving skills etc. Through the development of those skills, we assess the actual improvement of students' activities and we take feedback of students through internal assessment procedure. From time to time, an effect is made to evaluate the improvement of students by evaluate the exam and co- curricular activities. So, that academic year ended with the successful result of the students.

7.2 – Best Practice										
7.2.1 – Describe at Best practi				•						

Best practices are those, that add to value to human life and support main cause of an institution. It can change the life of whole institution as well as the individual student community. Institution conducts morning assembly including the morning assembly and yoga session on alternate days to develop ethical values and mental discipline. Yoga is conducted to maintain balance among heart, mind and soul. Moral and ethical values are promoted amongst the student through prayer. Morning assembly is conducted to inculcate team spirit, leadership quality and self- confidence through various activities in the morning session. Another one is Micro- teaching which is to enable pupilteachers to learn and assimilate new teaching skills under controlled conditions. To make actual context of classrooms situation, teaching skills among student- teachers was found to be improved. Skills practice like introduction, stimulus- variation, reinforcement, probing- questions and blackboard skills were developing to the students through proper atmosphere.
